

Power UV-A Portable LED Black Light

BD-70L

- Power UV LED LAMP
- White LED LAMP
- UV Intensity of UV LED LAMP
At 38cm : 8,000 $\mu\text{W}/\text{cm}^2$ Over
- Available to select the mode both UV Lamp and White Lamp
- Built-in fan keeps the lamp cooling to maintain optimum UV-A intensity.
- Compliance with ASTM UV-A intensity and wavelength specifications for FPI and MPI
- Strong UV out-put when the power turns on without waiting and No Need Warming up time.

Features

Power Source	100~220V 50/60Hz		
LED Power	DC 12V 800mA		
Power Consumption	12W		
UV LAMP	3W 3EA (365nm)	Ultraviolet intensity	38cm : 8,000 $\mu\text{W}/\text{cm}^2$ Over
	LENS : 21.6 X 21.6mm (10°)		
WHITE LAMP	3W 1EA	illumination	38cm : 4,000 Lux Over
	LENS : 20 Ø (10°)		
Viewing window	72 Ø		
Weight	750g		
Dimensions	160 (L) X 235 (H) X 110(W)mm
